

COMPETITION FAQ

- How does the app work?
 - After you download the app and put a picture of someone you love, you can start using the app. Pull up the app when you get into the car, put your phone aside, and start driving. For every minute you are driving over 15mph without exiting the app, you get 2 points! Then you can redeem these points at the local businesses on the app.
- What if I want to use Bluetooth or listen to music?
 - You can still use Bluetooth, voice command, and listen to your music while you drive! Get everything set up before you drive, and so long as you don't navigate outside of the app, the banner will not pop up across the top!
- What if I need to use maps?
 - On the points page of the app (the star icon), there is a button to open 3 different map applications. Use this button to go to maps because the app can only read whether or not you are in the app, but it cannot detect which other apps you are using. When you use a map through the app, it knows that no harm is being done!
- How do I get signed up for a competition?
 - Under the trophy icon you can access the Leaderboard. Choose to join a competition and type in the invitation code given by your organization's leader. The codes for this competition are the following:
 - UHSTUDENT
 - UHPARENT
 - UHSTAFF
 - WHSTUDENT
 - WHPARENT
 - WHSTAFF
- When will the competition end?
 - Here are all the start and end dates listed for each separate competition:
 - University High STUDENT: Nov. 15th - Dec. 15th
 - University High PARENT: Nov. 15th - Dec. 15th
 - University High STAFF: Nov. 15th - Dec. 15th
 - Waco High STUDENT: Nov. 15th - Dec. 15th
 - Waco High PARENT: Nov. 15th - Dec. 15th
 - Waco High STAFF: Nov. 15th - Dec. 15th
- How do you win the competition?
 - The user who gets the most points (the most time undistracted while driving), will win! You can watch rankings on the app to know where your standing is.
- Do I get points for sharing on Facebook or referring friends?
 - You DO get points for this on your PERSONAL account for sharing and referring friends, so keep doing that! However, for the competition we will only be adding up everyone's points that they received from their driving hours.
- Can I still redeem points at businesses?

- Yes! The amount of points you earn in a time period for the competition will not be affected by the amount of points you spend during that time too. It only counts the points you collected.
- Do I still get to earn points for my personal account?
 - Yes! All the points you gain during the time period will push you up on the leaderboard and they will also be added to your personal account. So those will be redeemable as well!
- Could I try to log in to my SAFE 2 SAVE account on someone else's phone and compile points?
 - The backend will know if the same account was on multiple devices and that person will not be chosen as the winner.
- What if I just want to earn points but not spend any?
 - The goal is to also spend points at a variety of businesses and the more "engagement" with different categories of businesses, the higher the chance you have to win the engagement rewards. We look at total points earned, not the total you have in your account at a given time so please spend as you go.
 - Thank businesses when you get free ice cream or free appetizers as they are kind and generous to want to reward you and are trying to make a difference in the safety of our communities
- What if I want more businesses added to be able to spend points at?
 - Ask if they would want to be part of SAFE 2 SAVE and they can always email abigayle@safe2save.org or call (979) 224-3301 at if they do want to participate or go to our website www.safe2save.org
 - The more you share out about businesses being on the app when you redeem points, the more other business owners will want to join
- Prizes Sponsored by – The Zimmerman Lawfirm – Waco Texas – 1-800-Injuries
